Peach Hill Soils
PO Box 158
Moorpark, CA 93020-0158

Dear Araceli,

We are so grateful for the support of Peach Hill Soils.

On behalf of the Cabrillo Economic Development Corporation, I would like to extend my appreciation to you for your support and donation of 20 cubic yards of mulch and delivery.

On Sept. 29 Cabrillo Economic Development Corporation was able to renovate The Santa Paulan Apartments in partnership with United Way and your generous donation. About 35 volunteers from United Way, Cabrillo, and the Santa Paula community took part in this event.

Overall, volunteers were able to clean up the grounds at The Santa Paulan and make improvements to the landscaping by spreading mulch and planting new flowers and shrubs.

“It was nice to play in the dirt and feel like a kid again, I feel younger than I really am,” said Maria, a resident at the Santa Paulan.

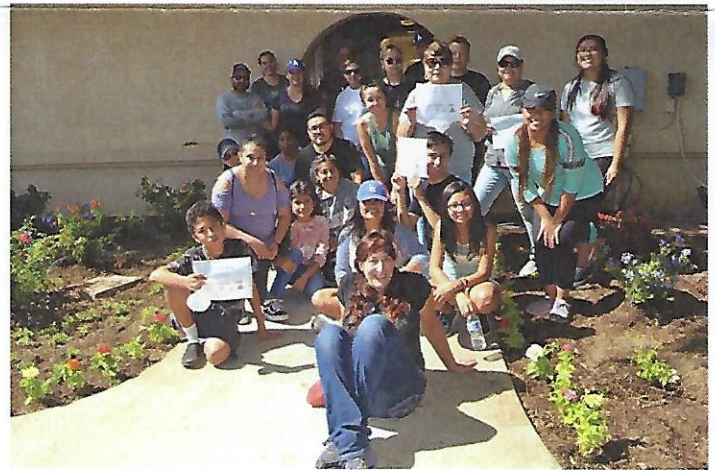

Resident & Community Services staff, including Beth Parker, Gloria Solorzano, Diana Ortega, and Jessica Rios, organized the event.

“This was a great experience. Beth put on an amazing event for our community, and I enjoyed every minute of it,” said Rachel, another resident.

You have truly made a difference at this property and in the lives of the residents who live at the Santa Paulan.

With gratitude,

Margarita H. de Escontrias
